

DURABLES

ENDURO Ice

ENDLESS CREATIVITY

ENDURO Ice is a transparent composite material consisting of a transparent film core enclosed between two wafer-thin layers of paper, for use as:

- > Transparent envelopes – that do not get tatty during sortation
- > Insert sheets and book covers – that do not tear or misbehave due to moisture
- > Outer packaging and banderoles – translucent in an elegant and sophisticated design, with barrier function
- > Folders and sleeves – perfect functionality looks and feels good

ENDURO Ice makes solutions and printing technologies possible, where ordinary or standard transparent papers show their limits.

ENDURO Ice 90 sustainable is based entirely on sustainable resources. The film core consists of a PLA-film (Poly-Lactic-Acid) from annually renewable resources.

Special benefits:

- > Elegant transparency
- > Natural feel
- > Durable & tear-resistant
- > High fold strength
- > Water impermeable
- > Excellent printability
- > PVC-free
